

FAASTeam presents:

**Pearson Field Part 93 SFRA Moved to WEBINAR See Venue
Directions for Additional Details**

Due to the close proximity to Portland International Airport, Pearson Field has a Part 93 Special Flight Rules Area to help ensure safe operations. The training will cover airspace, operations and wake turbulence avoidance as well as best practices for pilots when operating in the SFRA.

Whats is Part 93 Airspace?

Where do you find "all pertinent information" for KVUO?

How do you arrive and depart the airspace safely and efficiently?

FAAST Reps Richard Kennington, Portland Tower, and Brig Williams, CFI, will cover the ins and outs of the airspace covering the oldest operating airport in the United States.

"Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines."

Directions: PEARSON FIELD PART 93 SFRA SEMINAR IS CANCELED DUE TO COVID 19 RESTRICTIONS
PLEASE SEE THE PEARSON FIELD PART 93 SFRA WEBINAR FOR ATTENDANCE
